

# Farmers make great pizza!

All the foods on a pizza come from agriculture! The crust comes from wheat, the cheese comes from dairy cows, and vegetables come from gardens and farms.

## Pizza Picks

In each child's row, put a  under the pizza they like.

1. Joe likes pizza with no meat or cheese.
2. Ann likes pizza with toppings that begin with the same letter as "pizza."
3. Juan likes pizza with no meat or vegetables.

	 Cheese	 Veggies	 Pepperoni

Agriculture:

Helping you every day!

Fall • 2017-19  
Grades K-2

## Agriculture is Everywhere!

Look around: Agriculture is everywhere. Agriculture is making things grown on farms, like plants and animals, into things we use.

- ☐ Do you wear clothes?
- ☐ Do you eat food?
- ☐ Do you use pencils and paper?

All these things came to you from agriculture! Even things like soap are made from fat from cattle and oil from plants such as corn and soybeans.

## Plant, Animal, or Both?

Use **RED** to circle things that come from animals. Use **BLUE** to circle things that come from plants. Some things will have both colors!

## Matching

It starts on the farm...How does it end up?  
Draw a line to connect the matching items.
