

Farmers make great pizza!

All the foods on a pizza come from agriculture! The crust comes from wheat, the cheese comes from dairy cows, and vegetables come from gardens and farms.

Pizza Picks

In each child's row, put a  under the pizza they like.

1. Joe likes pizza with no meat or cheese.
2. Ann likes pizza with toppings that begin with the same letter as "pizza."
3. Juan likes pizza with no meat or vegetables.

	 Cheese	 Veggies	 Pepperoni
 Joe			
 Ann			
 Juan			

Who likes cheese?

Who likes veggies?

Who likes pepperoni?

Joke?

Q: What do you call a pig with three eyes?

A: A piiig!

AgMag Jr. is a publication of Minnesota Agriculture in the Classroom (MAITC). The program is a public/private partnership between the Minnesota Department of Agriculture and the Minnesota Agriculture in the Classroom Foundation. This publication is made possible with special funding from AgStar Financial Services. School photo on page 2 features North Trail Elementary School in Farmington, MN.

MAITC Program Staff: Keri Sidle and Sue Knott. Writer and Editor: Amy Rea. Creative Direction, Design and Production: Solberg Creative, LLC. Educational Consultants: Amy Wills and Jackie McCormick.

Agriculture:

Helping you every day!

Fall • 2016-17
Grades K-2

Agriculture is Everywhere!

Look around: Agriculture is everywhere. Agriculture is making things grown on farms, like plants and animals, into things we use.

- ☐ Do you wear clothes?
- ☐ Do you eat food?
- ☐ Do you use pencils and paper?

All these things came to you from agriculture! Even things like soap are made from fat from cattle and oil from plants such as corn and soybeans.

Plant, Animal, or Both?

Use **RED** to circle things that come from animals. Use **BLUE** to circle things that come from plants. Some things will have both colors!

Matching

It starts on the farm...How does it end up?
Draw a line to connect the matching items.

Start

example

End

Find teacher guide and student resources at www.mnagmag.org

Agriculture is in your home.

Circle things you have in your home.

Wood

Wool from sheep

Cotton

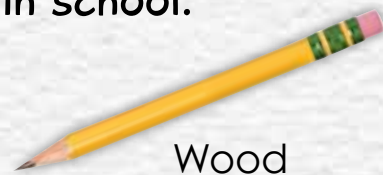

Fat from animals

Agriculture is in your school.

Draw a box around things you use in school.

Gelatin from animals

Wood

Paper from trees

Agriculture is everywhere in your community.

Check (✓) the things you like to do.

Visit a farm

Play sports

Where are 2 more places you can find agriculture in your community?

1. _____

2. _____

Visit an apple orchard

Visit a library

Practice

Tell how farmers and agriculture give us all the things on these pages. Write **agriculture** below.

What is your favorite school lunch food?

Draw it here. Tell how it comes from agriculture.
