

# State Agriculture Symbols

## What is a State Symbol?

A state symbol is chosen to show you special things about a state. Our state chose many things from agriculture to tell people about Minnesota.

## State Events

### MINNESOTA STATE FAIR

Have you been to the State Fair? It is a lot of fun! It is also about agriculture. Farmers bring their best crops and farm animals. They can win prizes for the best ones.

### County Fairs

Many counties in Minnesota have their own fair. Each one shows the agriculture that is grown in that county. You can see many kinds of plants and animals at the county fair.

AgMag is a publication of Minnesota Agriculture in the Classroom (MAITC). The program is a public/private partnership between the Minnesota Department of Agriculture and the Minnesota Agriculture in the Classroom Foundation. This publication is made possible with special funding from Compeer Financial. School photo on page 2 features Greenvale Park Elementary in Northfield, MN.

MAITC Program Staff: Keri Sidle and Sue Knott. Writer and Editor: Amy Rea. Creative Direction, Design and Production: Solberg Creative, LLC. Educational Consultants: Dawn Maple and Tiffany Kortbein.

## Agriculture is Everywhere!

Look around: Agriculture is everywhere. Agriculture is making things grown on farms, like plants and animals, into things we use.

These all came from agriculture! Even soap comes from agriculture. It is made from fat from cattle, and oil from corn and soybeans.

## Matching

It starts on the farm...How does it end up?  
Draw a line to connect the matching items.
